

# SPUR HILL UNDERGROUND

MALABAR  COAL

## SPUR HILL UNDERGROUND COKING COAL PROJECT COMMUNITY CONSULTATIVE COMMITTEE PRESENTATION

---

7 FEBRUARY 2018

## AGENDA

- Update
- Project Maxwell
- Community Involvement
- Complaints register
- Merton Vineyard and Small Forest

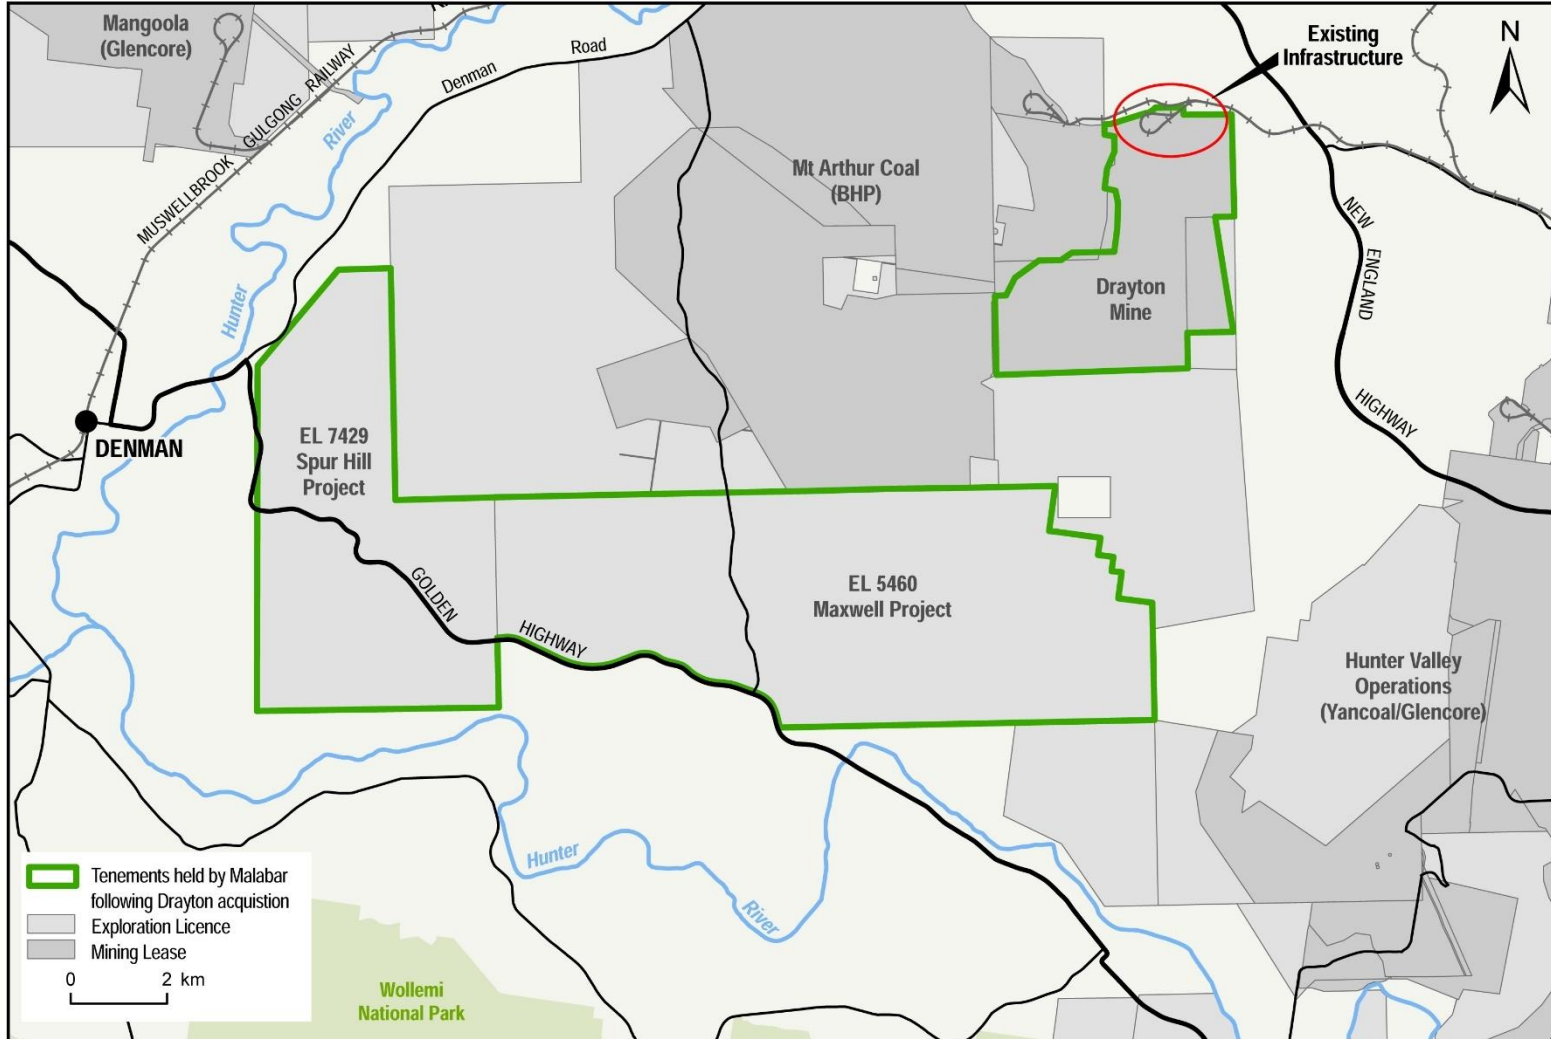

## UPDATE

- As is well-known, Malabar is proposing an underground mine at its existing project, Spur Hill (EL7429).
- Since our CCC meeting in November 2017 the following progress has been made in regard to Malabar's acquisition of the existing Drayton mine site and EL 5460 (Project Maxwell)
  - ✓ The government has renewed EL5460 with the condition that only underground mining can take place on this EL.
  - ✓ The government has also added another layer of protection by creating a SEPP (State Environmental Planning Policy) over EL5460 to limit any mining to underground only.
  - ✓ That part of EL 5460 south of the Golden Highway has been removed from the EL.
  - ✓ The government has approved the transfers of title etc from all the current owners to Malabar.
- As a result Malabar, Anglo and Anglo's JV partners are working towards settlement of the acquisition and Malabar taking full ownership and control of the sites.
- We anticipate this process will be complete by the end of February 2018.

## MAXWELL PROJECT

- Malabar is establishing an initial team at the Drayton site. That team will include a number of people previously employed by Anglo and its JV partners.
- Malabar has approached potential earthworks and civil contractors with the capability to continue the rehabilitation of the open cuts at the Drayton Site.
  - ✓ Initial works are expected to commence within the first month of ownership.
  - ✓ And these activities will ramp up within three months of ownership.
- A range of other work has commenced to enhance our understanding of Project Maxwell from an underground perspective;
  - ✓ The geological model has been updated using all available data,
  - ✓ Potential layouts for the underground mining operations are being drafted, and
  - ✓ Field studies for flora and fauna have commenced.

オーストラリアで、最良のワイン造りを続けるワイン醸造家、  
小林敦子《前編》

2018.01.19

ご自身のワイナリー SMALL FORESTにて

6回目のゲストはオーストラリアで、日本人初のワイナリー経営者となった小林敦子さん。2013年12月、アッパー・ハンターバレーにご自身のブランド「Small Forest」を設立。2012年からは、IWC(International Wine Challenge)のSAKE部門におけるジャッジに任命され、日本酒を世界に発信する活動も行っています。ワインと日本酒造りを経験した日本人初となる輝き希なるワイン醸造家、小林さんにこれまでの経緯やワイン造りに対するこだわりを伺いました。

—オーストラリアでワイナリーを経営するまでの経緯を教えてください。

**農大**在学中は、就職についてあまり真剣に考えておらず、近くの協和発酵に入社しました。大学で醸造の勉強をしていたので、酒類の研修室に入りたかったのですが叶わず、品質管理課で働きました。とてもいい会社でしたが、3年間勤めた頃に、農大の同級生が関わっていたワイナリーの生産量の拡張に伴い勤務することになりました。3年後にそのワイナリーを辞め、仲間と3人でワイン造りのコンサルタントを始め、宮崎の都農ワインなどを手掛けました。現在のよ

**THANK YOU FOR YOUR ATTENDANCE**
