Dear Steve,

RE: MAXWELL MINE – NOTIFICATION OF SECOND WORKINGS (WHYNOT SEAM)

Maxwell Ventures (Management) Pty Ltd, a wholly owned subsidiary of Malabar Resources Limited (Malabar) was granted State Significant Development Consent (SSD 9526) for the Maxwell Underground Coal Mine Project by the Independent Planning Commission of NSW on the 22 December 2020.

Pursuant to Condition A13(d), Malabar hereby provides notice of its intention to commence second workings in the Whynot Seam Panels 2 to 5 using underground bord and pillar mining, on or after 31 March 2025, in accordance with SSD 9526.

Malabar will notify the Department at a later date when it plans to commence second workings in the Woodland Hill Seam using longwall mining.

If you have any queries or would like to arrange a meeting to discuss the above, please do not hesitate to contact me (dtiananga@malabarresources.com.au or [02] 6542 0298).

Yours sincerely,

Donna Tiananga
Environment, Community and Approvals Manager
